CHANGE REQUEST FORM

Change Description

Project Name: Club Resource Booking System	Change Name: Student can join club(s)	Number: 2
Requested By: Axios	Contact: Jim Duco	Date: 02/19/23

Description of Change:
Assuming that any student is associated with an account, there should be a method for that student to join a club within the system. Additionally, they should have the option to join multiple clubs.

Reason for Change:
Any student should be able to view their current bookings to see how the club meeting will fit in to their current schedule, and to find where they will be meeting. This change also considers students who may wish to join multiple clubs at once.

Priority [Circle One]: 1. High 2. Medium 3. Low

Impact on Deliverables:
The number of deliverables stay the same; no new deliverables are added. However, some changes need to be implemented: the RD must be updated according to the requested change; the application must be changed accordingly.

Impact of Not Responding to Change (and Reason Why):
Students may not see club meeting details (if not informed by their club leader), and students with multiple clubs are not considered.

Date Needed: 04/12/23	Approval of Request: Axios	Date: 02/19/23

Change Impact

Tasks/Scope Affected: RD and application implementation must be updated. More work needed, and budget may increase, but schedule timing remains the same.
Cost Evaluation: N/A
Risk Evaluation: Pay extra attention not to endanger any added student information.
Quality Evaluation: The proposed change will improve the quality of the product by allowing members to see meeting information, and accounting students with multiple clubs.
Additional Resources: N/A
Duration: 1-2 Weeks
Additional Effort: N/A
Impact on Deadline: Should be doable within the current schedule and deadline.
Alternative and Recommendations: Have the club leaders handle all the scheduling and have them be responsible for informing all members of meetings.
Comments: N/A
